HOLIDAYS! HOLIDAYS! HOLIDAYS!

The wonders of where we are

And where we'll be

What we do

And what we see.

What we find and what we seek,

Not everyone knows

And I just wonder--- mom and dad

Could you spend some time with me!!!

*Dear Parents,*

*Greetings from Sir Padampat Singhania Education Centre.*

The summer break is from **May 14, 2018**; we have planned some activities / worksheets / projects for your child to enhance his / her learning skills in a fun - filled way. Help your child to discover his / her hidden talents and interests. Keeping the same objective in mind we have divided the homework into two categories.

1. The first category would be the **Fun-Activities** which can be done with children at home so that you have the opportunity to spend some quality time with them and can be informative and interesting at the same time.

2. The second category would have the **notebook worksheets** which can be helpful for the little ones.

Good manners and good habits are lifelong assets and they should be practiced until they become habit. Revise the four magical words: **PLEASE, SORRY, EXCUSE ME** and **THANK YOU** which we have learned as the part of basics of good manners. Make these four magical words a habit and see the difference.

### **TRY OUT SOME FUN ACTIVITIES**

- Go out with your family and learn some traffic rules or signs.
- Practice to button up your shirt.
- Practice tying your shoe laces.
- Help your mom in cleaning things.
- Become the host of the house.
- Make a card for your father on father's day.
- Help your parents in gardening.
- See what

### **FUN WITH READING AND STORY NARRATION**

Books are the chief medium of imparting knowledge and education. To enhance the knowledge and reading skills help your child learn any one story. When he/she is back to the school after vacations, the child will be encouraged to narrate the story to his/her friends. To make it more interesting you can make puppets with old bottles, cartoons, ribbons, buttons etc.
