"It is an occasion for the graduating students to look back at the time that they had spent in the Foundation Block and the skills they acquired during the period," she said.

The programme commenced with the welcome song. Parents were excited and overwhelmed with the outstanding and colourful performance of Salsa, Hip Hop, dazzling combo of Tap and Arabian and evocative dance form of China by their chil-

dren, who were prepared to move a step ahead with fond memories of kindergarten. The little buddies were looking both lively and graceful while performing their quick steps mixed with passionate gesture.

The children of Bloom (Sr KG) section stole the hearts of the audience by belting out the words and exhibiting their spoken abilities through a successful compering for the event. The 100 per cent participation by the students left the parents spellbound.

To motivate and bless the outgoing Bloom children, mementoes were awarded to each of the young graduates by the officiating principal. Certificates and books were also awarded to felicitate the young achievers of Root, Bud and Bloom for their excellent academic and non-academic

performance in the 2018-2019 session. The highlight of the day was selection of Prince & Princess Singhania through on-the-spot skill round contest. The contest was judged on the basis of Speaking Skills, Talent Hunt and Stage Presence. The award was bagged by Aditya Pratap Singh Chauhan of Class Bloom D and Aarchi Verma of Bloom D. The parents could not stop praising and cheering when they saw their little ones thanking teachers and parents for their endless support through a Thank you song and cherishing their pre-school memories. The event was celebrated with lot of zeal and zest. The day culminated with parents of Bloom admiring the beautiful ambience and the wonderful dance performances of their budding artist.
