The children loved the transformation of Simba, the lion cub into the true heir of the 'Pride Rock'.

Date : 8th August, 2019
Event : Drip and Dry
Class Involved: Root
Venue : Foundation Block

Details : A community needs many people to pitch in for it to function well. It is important to know the ways in which community helpers make our lives better. To identify the role and importance of community helpers in our society 'Drip and Dry' activity was organized for the children of Root in the Foundation Block on Thursday, 8th August, 2019. Practical life skills are the best way out through which a child learns to take care of his environment or self. They naturally gravitate towards these activities as they begin to explore themselves and their environment. Children are typically obsessed with water and washing things. The most basic water activity is to wash the toys, which is a sensory activity too. Introducing this practical life washing activity to our children was to encourage the skill, developing hand muscles, strength and co-ordination. Tubs were arranged for the activity which contained water for washing the toys. Ezee solution was added to the water in one of the tubs to make some bubbles and soak the toys while other tubs with clean water were used for scrubbing, washing and rinsing. They all participated in the activity by scrubbing and washing the toys. They rinsed the toys in clean water and then set them aside for drying. They learnt few vocabulary words such as soak, scrub, wash, rinse and dry. One of the nice aspects of the toy- washing activity was the friendly chitchat that emerged between the children as they worked. It was a fun filled and learning activity for our little ones.
