Date : 03 - 10 December 2021
Event : Recreational Activities
Classes : VI to VIII

Details : At the end of the term test, plethora of rejuvenating recreational activities were organized for the students of Grades VI to VIII, which lasted from 3rd December to 10th December 2021.

1. OUTDOOR GAMES ACTIVITY: Various outdoor games activities i.e. Basketball, Football, Badminton and Kho-Kho were conducted for the students of Grades VI to VIII. Children visited the basketball court, and field of the school where the sports teachers gave students the necessary information regarding various sports like Football, Cricket, Badminton and Kho-Kho etc. It was rather invigorating for them. Their fervent engrossment clearly exhibited that they were ardently and excitedly waiting for such activities. They were quite elated and left school happily with ravishment on their faces.

2. VISIT TO SCIENCE LABS AND LIBRARY: The School organised various Science activities for the students of Grades VI to VIII to raise their interest and knowledge towards Science. Students were taken on a visit to all well-equipped Science laboratories of the school. They visited Physics, Chemistry, Biology laboratories and the library after that. In the Physics laboratory, subject experts demonstrated various real-life experiments which heightened their excitement level. In the Chemistry laboratory, students were showed some chemical effects e.g. reaction of zinc with acid, precipitation reaction, displacement reaction, burning of magnesium ribbon and indicators. In the Biology laboratory, students saw various specimens of plants, animals, hydra and yeast.

After all this, the students visited the library of the school. They were shown different sections of the library that housed books of all varieties. This enhanced their interest in the books of their choice. They seemed more interested in the 'fiction section'.

Students shared their excitement and experience with their respective teachers for demonstrations in Physics and Chemistry laboratories. This concept clearing session was enjoyed thoroughly by the students and they looked forward to more such visits.

3. SOCIAL SCIENCE ACTIVITY: To provide a positive ambience wherein our young brains could thrive and nurture their quest to learn more about the society also helping them overcome the bugbear of examination, various Social Science activities were crafted. This activity was a fusion of amusement and awareness.

In Grade VI, a story titled 'Twin Sisters', was displayed on the Smart Board. The story underlined the essence of gender equality and the need to offer equal opportunities to both genders which are akin to the two wheels of society. It was an initiative to break the shackles of stereotypes at the grass-root level.

In Class VIII, a module was shown on gender equality wherein there was special emphasis laid down on the 'dual concern of males' in today's epoch. Household chores are no longer just a woman's job. The objective was to indoctrinate new sense for the noneconomic job of the homemakers and stimulate them to extend their helping hand.

The students also showcased the several episodes of the module in the form of drama and it was followed by an oath-taking proceeding. They vowed to be subservient in all household chores. The students returned home merrily.

4. COLOUR CORNER: Literature is the mirror of society and in the contemporary era, memes, caricatures, cartoons, and social handles have been playing a vital role in raising various issues and giving voice to the unheeded topics. Poetry and pieces of writing created by them left an indelible impact on them. The pupils were encouraged to give expression to their emotions through pieces of drawing and sketching. They were invited to paint their emotions on returning to school.
