

# HOLIDAY HOMEWORK

## Class II

Dear Parents and Students,

Summer holidays are a much-awaited time for relaxation, exploration, and joyful learning beyond the classroom. To make this break enriching and meaningful, we have thoughtfully designed holiday homework activities that integrate fun with foundational learning across various subjects.

The activities aim to nurture compassion, creativity, confidence, and values in our young learners. Kindly support and encourage your ward to complete the tasks sincerely and joyfully.

**Activity 1 (English): My Magic Box of Gratitude**  
**Objective: To build creative writing and speaking skills while developing gratitude.**

**Details of Activity:** Decorate a small shoebox as your Magic Box of Gratitude. For 10 days, write one sentence daily about something you're thankful for on a chit and place it in the box. After 10 entries, prepare a short presentation titled: "The most special thing I am thankful for is..." Use simple props and expressions to make it lively. Be ready to present it confidently once school reopens!

**Learning Outcome:** Students will learn to express emotions through writing and speech, enhance vocabulary, and develop confidence in public speaking while fostering a sense of appreciation.

**Activity 2 : Reading Corner–** Read at least two books from the list below. After reading a story book, draw and colour your favourite character in your English Notebook. Write the name of the character below the drawing.

**Recommended Books:**

1. Balu's Basket by Chitra Soundar
2. The Very Hungry Caterpillar by Eric Carle
3. Brown Bear, Brown Bear, What Do You See? by Bill Martin Jr. & Eric Carle
4. Goodnight Moon by Margaret Wise Brown
5. Peppa Pig Series – Simple stories with familiar characters.
6. Amma, Tell Me About... Series by Bhakti Mathur

---

**Activity 3 (Mathematics): Value Steps Game**  
**Objective: To revise number concepts like skip counting while learning and reflecting on core values.**

**Details of Activity:** Draw a path of skip-counted numbers (e.g., 6, 8, 10, 12, 14, 16...) on an art sheet or an A4 sheet. Write one value word next to each number (e.g., 6: Kindness, 8: Respect 10: Honesty and so on...) Play the game (Use a dice, move forward along the number path and share a small story or thought about the value you land on).

Decorate your game sheet neatly. Write your name and class on it. Submit your game to your teacher when the school reopens.

- Learn Tables from 2-8.
- Do page no.19,52,53,58,59 and 61 in Math Sight book.

**Learning Outcome:** Enhances number skills and value learning through interactive and reflective play.

### Activity 4 (EVS): Our Helpers, Our Heroes – Community Role Awareness

**Objective:** Even during holidays, some people work hard to help us every day. They are our community helpers, our real-life heroes.

**Let's learn about a few of them and how we can thank them for their kindness and service.**

**Details of Activity:** Choose 3 community helpers you see during holidays.

**For example:** Security Personnel, Vegetable Vendor, Sanitation Worker etc.

For each helper, write:

- Their name/job
- How they help us
- One way you thanked or helped them

This activity is to be done in the EVS notebook. You may paste their pictures too.

**Learning Outcome:** Express gratitude and respect towards community helpers through simple actions like thank-you notes.

### Activity 5 (Hindi): मैं जल हूँ – जल की कहानी मेरी जुबानी

**उद्देश्य:** बच्चों में जल के महत्व को समझाना, उसकी उपयोगिता को पहचानना तथा उसे संरक्षित रखने के लिए प्रेरित करना।

**गतिविधि:** कल्पना कीजिए कि जल बोल सकता है – तो वह हमसे क्या कहता? उसकी बातें सुनिए, महसूस कीजिए और अपनी कल्पनाओं को शब्द दीजिए। बच्चे अपनी हिंदी कॉपी में 'जल ही जीवन है' विषय पर सरल, सुंदर व भावपूर्ण पाँच पंक्तियाँ लिखेंगे। ये पंक्तियाँ जल की ओर से हों, जैसे वह स्वयं बोल रहा हो।

**उदाहरण पंक्तियाँ:**

1. मैं जीवन की धारा हूँ, मुझे व्यर्थ ना बहाइए।
2. मैं खेतों की हरियाली हूँ, मुझे समय पर दीजिए।
3. मैं प्यास बुझाता हूँ, मुझे सहेजिए।

4. मैं नदियों से आता हूँ, गंदगी मत फैलाइए।

5. मैं अमूल्य हूँ, मुझे समझिए और बचाइए।

सीख का निष्कर्ष: जल के महत्व को समझना और उसके प्रति संवेदनशीलता विकसित करना। बच्चों की कल्पनाशक्ति को उड़ान देना। हिंदी लेखन कौशल में निखार लाना।

---

### Activity 6: Create A Kindness Corner at Home

**Objective:** To care for nature and help living beings around us.

**Details of Activity:** Set up a simple Bird Food & Water Station in your balcony or garden using bowls or DIY items. Fill one bowl with clean water and the other with grains. Observe birds visiting and taking care from your station. Draw a picture or paste a photo of your kindness station in your EVS Notebook.

**OR** You may click a picture of yourself with your kindness station and share it with your class teacher.

**Learning Outcome:** Observation, empathy for animals, responsibility, and environmental awareness.

Let's spread kindness, share gratitude, enjoy family time,  
and keep our learning joyful and meaningful.

**WISHING YOU A FUN-FILLED, SAFE  
AND HAPPY SUMMER !**
