Dear Parents,

Summer is here—a time for sunshine, smiles, and special moments with your little one! While it's a season to relax and have fun, it's also a wonderful opportunity to nurture your child's early learning through playful activities.

Children are born with natural curiosity and inquisitiveness about the world around them. It is important for us to help them keep this spark alive and to make learning fun. Summer Vacation is around the corner, let every moment of this vacation be a time to unite, connect and enjoy beautiful moments with your child.

This holiday homework is designed especially for our little learners to keep their curiosity growing and their hands busy—even during vacation! All activities are simple, engaging, and focused on building essential early skills—language, motor development, creativity, and social understanding—through hands-on play.

We encourage you to spend a few minutes each day with your child, exploring these activities together. Remember, your involvement, praise, and encouragement are the most valuable parts of this learning journey.

Let's make this summer full of laughter, learning, and love!

**Wishing you a happy
and safe summer break!**

ENHANCE ORATORY SKILLS

Communication skills play a pivotal role in grooming the overall personality of a child. Let's motivate them to converse in English and to help him/her get acquainted with the language. Use more English words to increase his/her vocabulary. Motivate them to answer your questions in simple but full sentences. Let's encourage the kids to use magic words (sorry, thank you, excuse me, please) in different situations on regular basis. Remember, the more you use these words, your children are likely to use them too.

Use these sentences regularly:

- How are you? I'm good. Thank you.
- I am thirsty. Please give me water.
- Please, open/ close my tiffin / bottle.
- I am hungry. Please give me food.
- I have finished my work/ food.
- May I wash my hands?

READING TIME ! FUN TIME!

Reading story books enhances language and vocabulary development. Introduce your child to picture books, story books and converse with them to develop their vocabulary and communication skills by encouraging them to talk about the pictures they see in the story books. Make bedtime reading a regular practice with your child. Suggested story book series- Bubbles. Pepper, Bruno, Ladybird (Level 1).
